

Sustainable Homes Scheme

Ngā Whare Ora Taiao o Ngāmotu is a voluntary targeted rate scheme which provides support to households to undertake a wide range of sustainability improvements to their house and property and to repay the costs through a voluntary targeted rate over a five or nine year period.

Application

An application for funding assistance shall be made by the owner. By completing and signing this application the owner agrees to be bound by the Sustainable Homes policy terms and conditions if their application is accepted by New Plymouth District Council (NPDC). NPDC's funding assistance does not include any EECA funds that may be available for insulation and/or home heating applications that meet the criteria for this EECA subsidy.

Funding costs

For applications pre 30 June 2021, the owner may choose one of two repayment options:

- a. A nine year repayment term. Interest shall be charged at 3.25 per cent per annum. The interest rate is fixed for the term of the loan.
- b. A five year repayment term. No interest shall be charged for the five years of this loan.

For applications from 1 July 2021, the owner may choose to either repay through a five year term or a nine year term. In both cases interest shall be charged at NPDC's average rate of borrowing stated in the relevant Annual Plan year.

The interest rate is fixed for the term of the loan. The interest rate will not be lowered if the average rate of borrowing decreases, nor increased if the average rate of borrowing increases.

Fees and Charges

NPDC may charge an application fee to cover administrative costs in accordance with NPDC's schedule of fees and charges. No administration fee will be charged from the adoption of this policy until 30 June 2021. The owner is responsible for obtaining and paying all necessary resource consents, building consents, and meeting any other applicable legal requirements (additional costs).

2.4 NPDC will recover by instalments the funding and related costs through a targeted rate on the Owner's property over five or nine years.

3. NPDC agrees to:

- 3.1 Notify the Owner that the Owner's application has been approved.
- 3.2 Provide funding for the approved sustainable homes solution.
- 3.3 Notify the Provider of the approved application and funding.
- 3.4 Pay the Provider's invoice for the funding.
- 3.5 Invoice EECA for any applicable EECA grant which the Owner may be eligible to claim.

4. The Owner agrees:

- 4.1 **Unsatisfactory standard or Dispute:** To notify NPDC within 10 working days after completion of the work if:
 - 4.1.1 The Provider has not completed the work to a satisfactory standard, or
 - 4.1.2 The Owner has a work related dispute with the Provider.
- 4.2 **EECA:** To notify EECA if the work has not been completed to a satisfactory standard and an EECA grant is payable.
- 4.3 **Pay provider:** To pay the Provider all agreed amounts over the funding.

- 4.7 **No liability:** That, subject to the extent that parties are not, by law, able to limit or exclude liability or obligation, NPDC has no liability to the Owner, whether in contract, tort, breach of statutory duty or otherwise, arising out of or in connection with the provision of the home energy solution to the property or the acts or omissions of the Provider. This clause does not affect any liability the Provider may have to the Owner.

- 5.1 **Assess Targeted Rate:** NPDC will assess a targeted rate (plus GST) on the property each year for the selected period of either five or nine years to pay for the funding.
- 5.2 **Use of Targeted Rate:** The targeted rate will be used to recover all of NPDC's costs in relation to the funding including the **funding cost** and a portion of NPDC's administrative costs.
- 5.3 **LIM:** NPDC will include any targeted rate on the Land Information Memorandum for the property.
- 5.4 **Intention to Sell:** If the Owner intends to sell the property during the period of the targeted rate, the Owner must:

- 5.6 **Repayment period:** NPDC will recover targeted rates from the Owner over a five or nine year period which will be sufficient to recover the funding and associated costs. One of the associated costs is the **funding cost** (interest rates are subject to annual review), therefore the targeted rate will change if the interest rate changes.
- 5.7 **Insulation audit:** Where the property has been selected for an insulation audit the Owner will allow the auditor access to the property and will assist the auditor, wherever possible, to enable the audit to be completed in a timely manner.
- 5.8 **Privacy Act:** The Privacy Act 1993 applies to personal information provided in the application by the Owner.
